

November

Calendar Pieces

The November Calendar Number set includes a monthly title {above} to use with your pocket calendar as well as three full sets of numbers using different theme-related objects. If you need days of the week to use in your pocket chart, there is a page at the end of this document for you to use.

Print these cards onto cardstock, laminate, and use in a pocket chart for daily calendar practice. We use [this pocket chart](#) and have had it for over fifteen years!

If you would like to share, please share a link to my blog or to the page that hosts these files. **Please do not link directly to just the PDF files** (the link you are at now). Please feel free to print this pdf file for your own personal use. They were created for private and non-profit use. Please do not sell or host these files anywhere else.

Tip #1: Save money on laminating with [these {much more} affordable pouches](#). They work GREAT and help cut costs!

Example: Use the number cards to make simple or complex patterns with your child.

ABC Pattern ---->

1	2	3
---	---	---

ABAB Pattern ----->

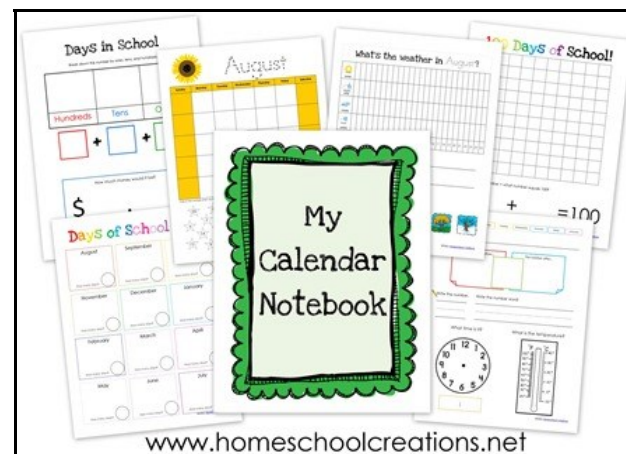

1	2	3	4
---	---	---	---

AABB Pattern ----->

1	2	3	4
---	---	---	---

Tip #2: Print all pages off onto cardstock and laminate for added durability. **To save laminating film, try putting two pages back to back before running them through the laminator.** Then the fronts of the cards will be 'smudge-free' and you save a bit of laminating film.

If you enjoy the calendar number printables, you may also enjoy these...

[Calendar Notebook Printables](#) - A set of notebook pages to use with kindergarten and younger elementary aged children

Take a peek at our [morning calendar board](#) and download a few free printables too!
